

Specification 55inch LCD Videowall

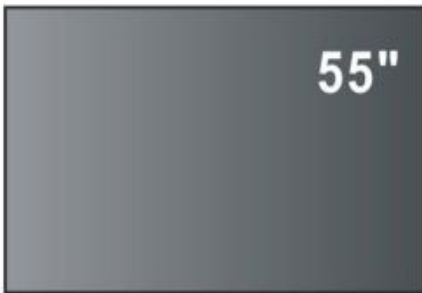

Specification:			
Specification	INFICOLOR-550 (LD550DUN-TMA1)	Panel Size	55"LED
Panel brand	Original LG A+ level		
Aspect Ratio	16:9		
Visual Angle	89/89/89/89		
Brightness	700cd/sqm		
Bezel	0.44mm		
Back light	LED backlight		
Contract Ratio	1100:1		
Resolution Ratio	1920x1080P		
Refresh rate	60HZ		
Color Components	16.7M		
display color support	16.7M		
Humidity	20%~80%		
work temperature	0 °C ~ 50 °C		
storing temperature	-20°——60°		
Response Time	8ms		
Power Consumption	120W/150W		
Standby power consumption	10W		
Power Supply	Input:AC110-220V-50/60Hz		
Life of Panel	60000Hours		
Panel Display Area	1209.6(W)×680.4(H) mm		
Outline Dimension	1210.51(W)×681.22(H) mm		
Products certificates	CE,FCC,ROSH Certificates		
Port(input)	Input: HDMI*1, VGA*1, DVI*1, AV*2, RS-232*1,Output: AV*1, RS-232*2		
VGA/DVI Resolution Ratio	640*480,800*600,1024*768,1280*1024,1600*1200,1920*1080		
HDMI Resolution Ratio	480I,480P,576I,720P,1080I,1080P		

Dimension of standard 55inch LCD Display

Product Package

Product parts

function 4

ips panel

The ips hard screen professional color reduction technology, ips panel is with faster response and more fluent pic speed of resumptionis 10 times than that of ordinary panels touch with no Anhydrous grain

Function5

wide visual angel-178°

ips panel with unique molecular level conversion structure thus from all direction ,you can have 178° visual angel eradicating the visual dead-zone

Accessories

pothook

handle

Cable for HDMI

Cable for DVI

Cable for VGA
